

PRESS RELEASE

BOB MAZZER

UNDERGROUND

12 June - 13 July 2014

Howard Griffin Gallery

Howard Griffin Gallery is pleased to present Bob Mazzer's seminal debut exhibition entitled *Underground* and exhibit his iconic and world class body of work for the first time.

While working as a projectionist in a porn cinema in Central London during the 1980s, Bob Mazzer began photographing on the tube during his daily commute, creating irresistibly joyous pictures alive with humour and humanity.

"Every day I travelled to King's Cross and back. Coming home late at night, it was like a party and I felt like the tube was mine and I was there to take the pictures." - Bob Mazzer.

The quality and cultural significance of this collection has seen Mazzer establish himself as one of the 21st Century's key documenters of London life. The exhibited work is made all the more unique by the fact that it lay unseen for so long and that it comprises part of a unique 40 year project that can never be repeated. There is something timeless about how Mazzer has captured his subjects in such a personal, intimate and humane manner in such an unlikely environment.

For the first time, through Howard Griffin Gallery, Bob Mazzer is releasing limited archival pigment prints of his iconic works. Signed copies of Bob Mazzer's new book are also available through the gallery.
